HUMINT Committee  
WASHINGTON, D.C. 20505

OFFICE OF THE CHAIRMAN

HC 88-124  
7 July 1988

MEMORANDUM FOR: See Distribution

SUBJECT: DCI HUMINT Guidance Documents

1. We are updating the compilation DCI HUMINT Guidance Documents, DCIC 10062-87, ICS/HC 87-190, August 1987. Pages 7-10, which list HUMINT collection support briefs/guides, prepared for the most part by the DCI production committees, are attached for your review. These support briefs/guides have proven invaluable in providing more detailed guidance and tutorials on technical subjects to field collectors, and we fully appreciate the time and effort involved in their production. [redacted]

2. We look to each of the DCI production committees to assume a more active role in oversight of collection support briefs which you have sponsored in the past to assure that these documents are updated on a timely basis. If collection guidance is outdated, you may want to schedule a revision through your appropriate working groups. We would particularly appreciate a close review of guidance that is more than three years old. Please provide changes, deletions, or additions to this listing. [redacted]

3. I look forward to your continued support in producing this consolidated reference list. Contributions would be appreciated by 12 August 1988. Your submission or any questions should be directed to [redacted]
